

## A Remedy for the Consumed.

Wretched men and women long condemned to suffer the tortures of dyspepsia, are filled with new hope after a few doses of Hostetter's Stomach Bitters. This budding hope blossoms into the fruition of certainty, if the Bitters is persisted in. It brings a relief to all dyspepsia who seek its aid. Flatulence, heartburn, sinking at the pit of the stomach, belching, nausea, the nervous tremors and insomnia of which chronic indigestion is the parent, disappear with their hateful progenitor. Most beneficent of stomachics, who can wonder that in so many instances it awakens grateful eloquence in those who, benefited by it, speak voluntarily in its behalf. It requires a graphic pen to describe the tortures of dyspepsia, but in many of the testimonials received by the proprietors of the Bitters, these are portrayed with vivid truthfulness. Constipation, biliousness, debility, neuralgia, rheumatism and rheumatism are relieved by it.

## Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis cheap, bad whisky, and which stimulate you for a poor, and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of Liver and Kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters, and only 50 cents a bottle at Hodgkinson & Co.'s drug store.

## Not a California Bear.

Anybody can catch a cold this kind of weather. The trouble is to let go, like the man who caught the bear. We advise our readers to purchase of Osburn & Shoemaker a bottle of Santa Abie, the California King of Consumption, Asthma, Bronchitis, Cough and Croup cures, and keep it handy. It is pleasant to the taste and death to the above complaints. Sold at \$1 a bottle or three for \$2.50. California Cat-R-Cure gives immediate relief. The Catarrhal virus is displaced by its healing and penetrating nature. Give it a trial. Six months treatment \$1, sent by mail \$1.10.

## Their Business Booming.

Probably no one thing has caused such a general revival of trade at Hodgkinson & Co.'s drug store as their giving away to their customers so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous. In this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup, all ailments of the throat and lungs quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

## Cured of Neuralgia.

EAST VIEW, WESTMINSTER CO., N. Y., January 23, 1886.  
I have been a great sufferer with pains in the back of my head, worse than any headache. I could not rest with internal medicines at all, and during the cold weather I have suffered excruciatingly. I finally thought I would try an Allcock's Plaster applied to the nape of my neck. In less than half a day the pain entirely ceased.  
(eod) LOTTIE L. DERRAN.

**Babies** That are fretful, peevish, cross, or troubled with Windy Colic, Teething Pains, or Stomach Disorders, can be relieved at once by using Allcock's Baby Soother. It contains no Opium or Morphine, hence is safe. Price 25 cents. Sold by W. PINNIGER, Druggist.

**Bucklen's A. N. S. Salve.**—THE BEST SALVE in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by H. J. Giddens & Co.

**At Night** Always have Soother at hand. It is the only safe medicine yet made that will remove all infantile disorders. It contains no Opium or Morphine, but gives the child natural ease from pain. Price 25 cents. Sold by W. PINNIGER, Druggist.

**Give Them a Chance!**  
That is to say, your lungs. Also your breathing machinery. Very wonderful machinery it is. Notably the larger air passages, the throat and windpipe and cavities leading from them. When these are clogged and choked with mucus which ought not to be there your lungs cannot half do their work. And what they do, they can't do well. Call it, then, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and lung troubles, all are bad. All are curable. All are cured by the German-Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed us, you may depend upon it.

**Many** Of the good things of this life are sorrowful. Let us look at account of Dyspepsia. Allcock's Dyspepsia Tablets will cure Dyspepsia, Indigestion and Constipation; sold on a positive guarantee at 25 and 50 cents, by W. PINNIGER, Druggist.

**SHILOH'S BALM** is what you need for Coughs, Croup, Asthma, Bronchitis, and all symptoms of Dyspepsia. Price 10 cents per bottle. Sold by Osburn & Shoemaker.

**An Absolute Cure.**—THE ORIGINAL ALLCOCK'S OINTMENT is put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. It is actively curative of all kinds of piles. Ask for the ORIGINAL ALLCOCK'S OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box, by mail 30 cents.

For lame back, stiff neck, or other such ailments, Shiloh's Balm is the best. Price 10 cents. Sold by Osburn & Shoemaker.

## RANCH AND RANGE.

Swine plague is devastating the farms of Southern France.

The number of swine in Great Britain has increased 3.5 per cent. in the past year.

Exports from Boston last week included 414 live cattle and 1,701 quarters of beef.

Hog packing since November 1st amounts to 4,075,000 against 4,470,000 a year ago—decrease, 395,000 hogs.

Receipts of live stock at the National Stock yards, St. Louis, in 1887 were as follows: Cattle, 387,437; hogs, 771,852; sheep, 315,519; horses, 29,386.

Foreign markets for American live stock are slightly improved. Best cattle are worth 12 1/2 and 13 cents in Liverpool, estimated dressed weight. Dressed beef brings 9 1/2 cents.

The dressed beef magnates of Chicago have brought suit against the railroads for \$950,000 damages alleged to have been sustained since the Inter-State Commerce law went into effect.

A few years ago the big cattle companies of the West gobbled up a great many of the little ones. The tendency is now the other way—the big ones seem likely to divide up into smaller ones again.

During last year Boston received live stock as follows: Cattle, 95,056; sheep, 591,200; veals, 46,203; fat hogs, 1,054,615; and pigs, 12,951. Cattle fell off 20 per cent., and in everything else there was a slight increase.

Indiana has 533,257 horses, 56,989 mules, 1,363,150 cattle, 476,201 milch cows, 1,394,015 sheep and lambs, 2,190,065 fat hogs and 1,605,180 stock hogs. This is a slight increase over a year ago in everything but mules, sheep and stock hogs.

Receipts of live stock at Kansas City last year: Cattle, 699,224 (increase over 1886, 178,203); hogs, 2,423,262 (increase, 158,778); sheep, 200,956 (increase, 37,297). The receipts of sheep were barely 852 head below the average of 1884-1885 and 1886.

The live stock received at Chicago last year was valued at something over \$276,000,000. This amount was exceeded in 1881, 1882, 1883 and 1884, the average of which four years was \$192,000,000. The aggregate of 21 years is placed at \$2,589,467,259.

The Kansas City Live Stock Indicator has been figuring on the sales of pure-bred cattle at auction beyond the Mississippi during the past year, with the following results:—1,184 Shorthorns, at an average of \$120.81; 70 Herefords, \$166.14; 132 Aberdeen-Angus, \$240.50; 127 Galloways, \$279.13.

George W. Rosure, known as the "cowboy evangelist," is said by an Arkansas newspaper to be worth \$700,000, which yields him an income of \$150 a day. His fortune was made in cattle and by lucky investments in real estate. He is just 40 years old, and in his youth was reputed to be one of the most lawless of the desperadoes of the plains.

The farmer who has not sufficient shelter for his stock this winter will find out by spring that the value of the extra food required to keep them alive, to say nothing of the loss in flesh, would have been more than sufficient to provide the best kind of shelter, not only for one winter, but for a score of them. Perhaps some of them will now resolve to do better next fall, but like the Arkansas man's cabin, it too often happens that when the weather is good the cattle don't need shelter, and when the weather is bad, the shelter cannot be made.

## RIO BONITO COLONY!

LANDS FAMED FOR RICHNESS

Along the Feather River.

GROVES OF MAMMOTH OAKS OF SURPASSING BEAUTY.

Best of Soils for Oranges, Lemons, Figs, Peaches, Cherries, and all Tropical and other Fruits.

RIO BONITO COLONY LANDS ARE LOCATED IN BUTTE COUNTY, California, and along the prettiest part of Feather River. They are about eight miles south of Oroville, three miles from Gridley, and two miles from Biggs, on the Oregon and California Railroad, and seventy-three miles from Sacramento. There are growing on the lands white oak trees, some of which are thirty-five feet in circumference. The soil is a rich, sandy loam, and cannot be surpassed in productiveness. Citrus and all kinds of deciduous fruits ripen here to perfection. Rio Bonito Colony lands are a garden spot, and are certain to be the most popular for homes of any to be found in Central California.

Testimonials on the Land by Leading Butte County Citizens and others.

I have been over your tract of land on the Feather River a hundred times. There is no better land and no better place for a colony in the world.  
JOHN S. GILSON,  
Real Estate Agent, Reno, Nev.

As good land as there is in Butte County.  
JOHN BEALL, Biggs.

As fine a piece of land as there is in this county. First-class for cereals and fruits.  
L. D. FREER,  
Judge Superior Court, Oroville.

Have lived on this land for nearly twenty years. No more healthy climate in the world.  
M. BIGGS, JR., Biggs.

It will produce, without irrigation, all of the fruits grown in any part of the State of California.  
—Niggs Argus.

No richer land can be found in all California.—Oroville Register.

As fertile and valuable tract of land as there is in Butte County. Just the kind of land for fruit culture; there is none better.  
JACOB KRUSICK,  
Gridley.

It is all splendid fruit land without irrigation.  
WM. SHARKEY, Biggs.

I regard your tract as the best body of land in California. Geo. W. CRUM,  
Battle Mountain, Nev.

One of the finest bodies of land in the world; there is no bottom to the soil, and every inch of it is rich.  
—Oroville Mercury.

A body of land as valuable and well adapted for all purposes of agriculture, especially fruit raising, as any land known to me.  
G. K. SMITH,  
Banker, Biggs.

This section of Butte County is one of the best in California for fruit culture. Such land as this, if set out to fruits, would, at the end of three years, be estimated, be worth at least \$500 per acre. At this rate, twenty acres in fruit within three years would be worth \$10,000. The managers will take charge of the setting out of fruit trees for purchasers of land, and at the actual cost of doing the same.

The land is now for sale in tracts to suit at \$100 per acre, on easy terms—one-third cash; balance in one, two and three years at eight per cent. per annum.  
Buy ticket to Biggs. Fare from San Francisco, \$5.20; from Sacramento, \$2.20. Stages from Oroville to Biggs pass the land daily. Send for circulars.

THURSDAY, JANUARY 18, 1888

THE GAZETTE has no means of knowing the inside history of the causes which led to Senator Stewart becoming such an ardent champion of Lamar. But it believes the Senator did not cast his vote for the confirmation of the ex-rebel for the love he bore him, or his lost cause, or merely for buncombe. Senator Stewart had deeper views than appear on the surface, and time only will explain what they were. One point the Senator from Nevada has certainly gained, and that is the confidence and good will of the Administration. That this is a fact is apparent to the unbiased mind inasmuch as the proposed closing of the mint at Carson has been postponed, if not indefinitely, at least for the remainder of this Presidential term. That is one point scored which is of vital importance to the people of Nevada. Had the Mint, under any pretense whatever, been closed and the work of dismantling it begun, no power however great would have saved it. About New Year the outlook was very gloomy for its continuance. The Director of the mints of the United States had decided that Carson Mint was an unnecessary and useless expense to the Government, and in a long and exhaustive report he advised its entire suspension and suggested that its machinery be taken out and distributed among the other mints of the nation. During the past few days some good fortune has hovered over it, and the indications are that it will be continued. The fact that Nevada's Senator is on extremely good terms with the Administration would point strongly to how this necromancy was accomplished. It was a bitter draught for the Republicans of the sagebrush State to see its Senator voting for the confirmation of a dyed-in-the-wool rebel; but if good can come out of evil this instance may be one of the very few wherein the aphorism holds true. With the Administration at his back Senator Stewart can accomplish many things for the welfare of this State. And they will not only reach to this State alone, but our neighboring States can be aided very materially. It is well-known that Senator Stewart has broad views on irrigation; that one of his particular desires is an extensive system of artesian wells for this State. If, with the assistance of those Democrats he helped in an hour when they needed help, he can get an appropriation from the General Government to drive a series of artesian wells in the deserts of this State, he will have accomplished more for its welfare and prosperity than the rejection of a thousand rebels from the Supreme Bench. Why should not these men be helped help him when he asks them? They will; and anything he asks will be granted. Stewart had another scheme which he talked of before he went to Washington and that was a general irrigation scheme for the whole Pacific Coast. He thought the water now running to waste from the many streams all over the coast could be made more valuable by a correct system of storage. In order to accomplish this government aid would be necessary. The people of the Pacific coast States, and especially the farming portion, have not the means to do much toward storing water on a large scale. Therefore, the aid of the General Government should be invoked and an appropriation made that would carry to successful completion this grand scheme. Asking such an appropriation is not as absurd as it looks upon its face. Nevada has no rivers or harbors that require many thousands of dollars annually to keep navigable. It has paid its pro rata of taxes for the support of the Government. It was not niggardly with its contributions for the support of the nation in its hour of need and peril; and when it asks a legitimate appropriation to aid in its internal development and commonwealth advancement this great nation is too great to deny its petition. Senator Stewart can get this appropriation if anyone can, and he is not the manager and manipulator his constituents think he is if he does not succeed in accomplishing his desires in the furtherance of his irrigation schemes.

with a constitution expressly prohibiting polygamy under severe penalties—a prohibition whose repeal no earthly power can prevent at the very first session of the State Legislature. The Mormon bishops who have heretofore claimed that polygamy was directly enjoined by a divine revelation, are now reported as discouraged—as ready to throw away a divine revelation and to abandon polygamy as doomed. Just let them get safely within the bounds of Statehood, and see how quickly they will have another revelation, demanding the restoration of polygamy, or will restore it without the pretense of a new revelation, by throwing over the fence that part of the State Constitution which prohibits it! We shall deserve what, in that case, we shall get in the way of national humiliation and disgrace. That the present pretense of an abandonment of polygamy is a shameless fraud, made solely for the purpose of obtaining, under the form of Statehood, a perpetual immunity for polygamy, is evident from the fact that nearly 100 polygamous marriages have been celebrated in Utah since the adoption of the Statehood dodge. And these polygamous marriages are continued, although the dangerous report of a minority of the Utah commission, and one which seems likely to have great influence before Congress, declares that the Mormon population of Utah have deliberately determined that the prosperity and happiness of themselves and their posterity imperatively demand that polygamy shall be abolished. Then, why don't they abolish it irrespective of Statehood? There is no intention among the Mormons of anything more than a temporary abolition of polygamy for Statehood purposes.

## MINING INTELLIGENCE.

### The "Gazette's" Weekly Summary of Mining News.

A rich body of copper ore has been found in Esmeralda county by Ed. Prince.

Ore concentrates, valued at \$2,772, were produced from the Paradise Valley mine last week.

A fine body of copper ore has been developed in the Wanderer mine, Hawthorne district, Nevada.

The Hope Mining Company of Montana has declared a dividend of \$25,000, making \$208,241 paid to date.

A vein of high grade ore is reported to have been developed in a mine at Mayville, Lander county.

The Stenwinder mine, Montana, sold a few weeks ago for \$32,000. Now an offer of \$300,000 is made for the property.

The total output of Mexico for the fiscal year ended June 30th last was \$27,483,000, of which \$26,844,000 was silver.

The Standing Elk mine, Railroad district, Nevada, produced 127 tons of bullion from 880 tons of ore smelted.

The Barcelona mine, Nye county, is showing up much rich ore and is keeping the Monitor-Belmont mill running to its full capacity.

Bank Donnelly, the Superintendent of the Eureka Consolidated mine, has telegraphed that the new discovery of ore in that mine promises to expand into something of great value.

There are 25 men employed in Marjatta district, Esmeralda county. The Big Eckhardt has \$150 ore and the Big Van Winkle \$100. The Endowment and other properties are being developed.

About two hundred and fifty tons of ore is now gathered at the Riley mill, at Independence. There is also a large amount of wood and other necessary material, and the mill will start up immediately.

At the annual meeting of the stockholders of the Bullion Mining Company, Jan. 12, in San Francisco, all members of the old Board were re-elected and Archie McDonnell was re-appointed Superintendent.

The advanced value of copper has renewed interest in the mining of that metal throughout the State. There are several valuable copper mines in Lyon county, among them the Jackson at Greenfield, owned by New York capitalists who propose setting up a smelting plant at the mine next Spring.

J. V. McCurdy, Superintendent of the Paradise mine, has bought the Long Synn mine at Dun Glen, Humboldt county. He will run the mine on his own hook. He will increase the capacity of the mill from 15 to 75 tons per day. The mine is a true fissure, and has in sight a great amount of milling ore.

The total sum disbursed in dividends by mining companies in the United States and Territories in 1887, was \$10,515,753. The list is headed by the Granite Mountain, Montana, which disbursed \$2,000,000 to shareholders during last year. The Con. Cal. & Va. is second on the list and this year will take the lead.

The total bullion product of the Con. Cal. & Va. mine, from October 1, 1886, to December 31, 1887, was \$4,407,341, of which \$1,833,986 was gold and \$2,573,355 was silver. The total sum disbursed in dividends during that period was \$1,296,000, and the total operating expenses or cost of production was \$3,111,341—an average of \$207,420 per month.

Austin Revere, the Chicago creditor, have brought a second suit against the Manhattan Company for \$112,500. The attachment notices were posted on the mines and real property by Sheriff F. P. Van Patten to-day. They will get judgment in the Washoe Court within twenty days. The Sheriff has sent the summons to the Board of Directors.

### Heart Disease!!

Read the hospital reports, read the mortuary reports, read the medical publications, read the daily newspapers and learn how wide-spread is heart disease, how difficult of detection it is to most people, how many and how sudden are the deaths it causes. Then read Dr. Flint's Treatise on Heart Disease, and learn what it is, what causes it, what diseases it gives rise to, what its symptoms are, and how it may be attacked. If you find that you have heart disease, ask your druggist for a bottle of Dr. Flint's Heart Remedy. The treatise may be had on application to J. J. MACK & CO., Nos. 9 and 11 Front street, S. F.

# NEWS OF THE DAY.

[PRESS DISPATCHES TO THE GAZETTE.]

## Lamar's Confirmation.

WASHINGTON, Jan. 18.—An evening paper says: There was not much comment about the Senate to-day on subject of the confirmation of Lamar, as the result was foreseen and surprised nobody.

The small number of Republicans who voted for Mr. Lamar created a feeling of disappointment among the latter's friends. The Republican Senators are severe upon Messrs. Stewart and Stanford because of their votes. They say they have no complaint or censure to make of Mr. Riddleberger; that he, being a Southern man, did right to vote for Mr. Lamar's confirmation, but Messrs. Stewart and Stanford are raised for and all, and some go so far as to intimate that there was an agreement between them and the President by which the latter should deal leniently with the Pacific railroads on the condition of the two Senators voting for Mr. Lamar; but this is regarded as simply an exhibition of disappointed partisanship.

It is generally conceded now that all the pressure possible to exert was brought to bear to prevent the Republicans from voting for Mr. Lamar, and the pressure succeeded in forcing several into line.

## Biggs Wants a College.

Biggs, January 19.—A big mass meeting of citizens was held here last evening with a view to raising funds to induce the Methodist Episcopal Church to establish its college at Biggs. There was brass band music and eloquent speeches by Rev. A. T. Needham, Rev. L. W. Simmons, C. S. Young, W. A. Walker and others. A \$10,000 subscription was raised and a donation of ten acres for a sight on Rio Bonito colony tract. The Church College Committee will be requested to come to Biggs to view the sight.

## Train Robbers Felled.

St. Louis, Jan. 19.—An attempt was made upon the Wabash train last night by robbers near Missouri City. The train was flagged and the engineer ordered out of his cab. The officials had information of the attempt and a volley from shotguns met the robbers and the leader was shot down. County officials are now in pursuit and some of the robbers have been captured.

## An Appalling Death Roll.

St. Paul, Minn., Jan. 18.—It is figured out that there have been 217 deaths by the blizzard. The remains of many people who are reported missing may not be found until the snow thaws in the Spring, the bodies being covered by deep drifts that formed over them.

## Borax in Demand.

NEW YORK, Jan. 18.—The Commercial Bulletin says that it is believed here that dealers will soon be compelled to seek an additional stock of borax on the Pacific Coast, as the stock here is low. The dealers are not free to offer.

## TELEGRAPHIC BRIEVITIES.

—James F. Wilson has been re-elected United States Senator by the Iowa Legislature.

—Thirty-five Arab paupers have been sent back to New York from the port they came from.

—A Sherman Republican League has been formed at Cincinnati. Its object is to make the Buckeye State solid for Sherman.

—It is reported that the Russian forces for the Roumanian frontier now number 50,000, and there are 450,000 more in Russian Poland. War preparations continue on a large scale.

A dispatch from O'Neill, Neb., says: Fifteen persons perished in last Thursday's storm in Custer county alone. The loss of stock is said to be enormous. Particulars are not obtainable.

—The wheat bounty bill, introduced by Representative Landes in Congress, proposes to reduce the surplus by paying a bounty of 25 cents a bushel on all wheat exported to foreign countries.

—The American ship John T. Berry, from Philadelphia, for Higo, was burned on January 9th, in latitude 34 degrees south, longitude 164 degrees east. Fourteen of the crew have landed at Nambucca. A boat with eleven others is missing.

—John Franklin McFarland was found dead Tuesday near Nevada City, Cal., with a large tree lyzer across his body. He was a woodchopper and had lived there many years. The deceased was said to be a brother of Supreme Court Justice T. B. McFarland.

—At Cheyenne, Wyoming, on Tuesday night, upon the application of the stockholders, G. B. Goodell and F. H. Voorhees were appointed receivers by the Court for the Union Cattle Company. The assets are said to be \$2,000,000; liabilities, \$1,200,000.

—So far no report has been received from any portion of Colorado or New Mexico, where persons or stock suffered for want of provisions during the cold spell. Telegrams from Santa Fe, New Mexico, show the same condition of affairs in that Territory as exist in Colorado.

—News comes from every part of northern Texas of an unheard of suffering among the people and wholesale destruction among cattle, many of which were frozen to death under good shelter. The effects of cold and weather will cripple the cattle interests in that part of the State for some time, and its effect upon growing cereals and flatterings prospects of fruit for this year will prove almost destruction.

## The Latest and Greatest Discovery.

Dr. J. De Prati's Hamburg Figs.—A crystallized fruit cathartic. A discovery of the greatest interest to the medical profession. A boon to every household. A most delicious laxative or purgative, prepared from fruits and vegetables. So perfectly harmless that they may be administered with entire safety to an infant. So efficacious to adults that a single dose will prove their value and so easy of preparation that it needs only to be presented to the public to become a necessity in every household throughout the land. For liver complaints, habitual constipation, indigestion, dyspepsia and piles, they are a specific. To travelers by sea and land they will be found invaluable. They are positively unfailing in their action, and this is the only medicine ever offered to the public that is acceptable to the taste, and so pleasant that children will eat the figs as eagerly as candy. For sale by every druggist throughout the world. Price 25 cents a box. J. J. Mack & Co., prop's, 9 and 11 Front street, San Francisco, Cal.

## JOTTINGS.

Plush, silks, serim, swiss, and stamped linen at Miss Gibbs'. All kinds of fresh and "salt water" fish at Coffin & Larcombe's in the morning.

Stylish buggies, pacific or piano box, side bar or end spring, at J. T. Longabaugh's, Reno, Nev. From 11:30 to 2:30, J. J. Becker keeps a steaming hot lunch spread for his customers. Also the finest beer in town.

W. Pinniger, the Reno druggist, has on sale quantities to suit, matured Thistle Dew whiskey for medicinal purposes.

For good wool, a full cord guaranteed, go to Haynes & Alger. Leave orders at Rube's butcher shop or Nelson's cigar store.

Mrs. All will give a grand prize dance at Armory Hall Saturday night. All lovers of dancing should make it a point to attend.

No store shoes are equal to those made to order by H. A. Winton. His prices are very reasonable. Repairing done. French shoes for ladies, \$4.50.

Happy and contented are the Depot Hotel boarders. They are provided with everything in the market served up in the finest style of the culinary art.

You can buy groceries at Havenor's for California prices, freight added, and have the same delivered at your homes in good condition. Fresh goods every day.

Abraham Bros., the Commercial Row clothing store, have just received direct from New York, a choice line of winter clothing, consisting of chevots, chinchilla and astrakhan goods.

C. J. Brooks is selling the 16-ounce Star tobacco for the same price that the 12-ounce has been sold. All kinds of musical instruments and organs on the installment plan.

By attending close to business and keeping just what his customers want to purchase, C. A. Thurston is doing a fine stationery and periodical trade. Vellum cloth for surveyors and architects.

Chase and Sanborn's coffee, anchor brand corn, cocoanuts, oranges, lemons, Aunt Abbie's rolled oats, eastern cream cheese, salt mackerel, No. 1 salt salmon, and all kinds of crackers, at E. C. Leadbetter's.

## A Philosophical Stockman.

Louis Deau returned from his Granite creek range in the northern part of the county to-day, and reports a heavy fall of snow in that section. The weather is also bitter cold, and cattle are suffering for the want of water and feed. He says quite a percentage of cattle will go under, but consoles himself for his expected loss by saying that an abundance of feed in the Spring will compensate for the shrinkage in the herds. A philosophical and practical stockman is Mr. Deau.

Mrs. Gaston, the woman who cut her child's throat on the Geiger grade, near Virginia City, about four years ago, and who was committed to the insane asylum, is reported to have died at that institution last week. In the absence of any official announcement from the asylum officials, the Gazette does not vouch for the truth of the rumor.

A great loss of stock is predicted in Idaho this winter. In the country between Payette river and Boise valley cattle and horses are suffering, and many have already died from starvation.

## Attention.

A special meeting of Nevada Lodge No. 3,020, Knights of Honor, is called for Thursday evening at 7 P. M. H. P. Brown, Dictator.

## CARSON'S SCARE.

An Explanation Concerning It—Gossip.

CARSON, Jan. 19, 1888. EDITOR GAZETTE:—We are just emerging from a scare of that supposed East Indian gift to the world—the smallpox. A day or two since, one of the doctors of the city was called in to attend a man recently from San Francisco, and before he had fully satisfied himself as to the nature of the disease the man was suffering from, gave it out as smallpox. It went like an electric shock from one end of the town to the other and was the sensation of the day. Fortunately the heralded case was not smallpox, but I am told the black measles. The scare resulted in many a sore left arm however, as the supply of vaccine virus was used up the first day.

At some of the church societies—which are always pleasant—one way of passing the time as well as being amused is the propounding of conundrums, and the one prize unanswered conundrum is how can the reform administration explain away the \$20,000—used of the appropriation for a public building—when \$5,000 includes all that has ever been paid here for all expenses including salaries? It has been given up here by all guessers.

The verdict in the celebrated Clara Belle case did not seem to surprise any one here, as the universal comment was: "I knew she wouldn't be convicted." There always seems to be a place in humanity for the lone woman in her struggle against wealth—and in this case against Vinegar Bitters. It almost makes one a believer in retribution to see the unanimous voice of the people in favor of a woman practicing marksmanship at an unarmed man who had made no threats against her. But Vinegar Bitters did the same thing for many a man, and we believe with better aim and with deadlier effect.

We are looking for something to happen to the proprietor of Pierce's Golden Medical Discovery, and reasoning it out our way, when the young aspirant for the pistol medal comes along, the man will get hit this time.

## COPPER.

### A Revival of Copper Mining in Nevada Looked For.

The copper property of the United States and Territories in 1887 was 182,500,000 pounds. Montana was the heaviest producer, the output for the year from that Territory footing up 78,900,000 pounds. Lake Superior district is next in the list, with a record of 74,660,000 pounds. Arizona produced 18,000,000 pounds while not a single ounce is credited to Nevada.

This State produced 350,000 pounds of that metal in 1882, the product decreasing annually from that date until 1885, when it had dwindled to 8,871 pounds. In 1886 there was a slight rally in that branch of mining in the State and the product was increased to 50,000 pounds. In 1887 it is represented by a cipher. The decadence in the product of copper in this State is due to two causes—the low price which it has until recently commanded and the fact that the percentage of that metal in Nevada ore is less than in any other mineral region on the continent, the bulk of ore in the State being free milling. There is scarcely a trace or stain of copper in ore extracted from the Comstock lode. In Badger mining district, northeast of this city, the reports say the Virginia Chronicle, a mineral veins carrying a large percentage of copper, and the recent advance in the price of that metal has renewed interest in the mines of that district, and several abandoned claims have been relocated since Christmas and will be developed next Spring.

### An Irrigation Scheme.

The Carson Tribune says: As soon as the weather becomes favorable a meeting of the citizen taxpayers and land owners will be called in Ormsby, Douglas and Washoe counties, for the purpose of forming a general organization in Western Nevada to inquire as to the possibility of procuring proper irrigation. The people of Ormsby and Douglas will stand a unit on the proposition of damming the head of the Carson river; also to sink artesian wells along the foothills, and now as it seems probable Congress will appropriate money for assisting the matter, it will be an eternal shame and disgrace if our own people stand back as in days gone by; but the public mind is stirred up on the proposition and all will be well.

### An Electric "Shindig."

On Saturday evening a reception will be given by the electric light company to the people of Reno. The object of having a public exhibition is to show the people of Reno what the company has accomplished during the past few months, the many obstacles it has overcome and the success achieved. Teams will leave the Depot Hotel every 15 minutes, beginning at 7:30 o'clock (no charge being made for transportation), and every endeavor will be made by the management to make the evening a pleasant and instructive one. All are invited.

### Read This Price List!

Emrich's great reduction sale—20 yards good calico, for \$1; dress goods of all colors, at 12 1/2 cents a yard; ladies' all wool hose, full finished, three pairs 50 cents; metal buttons, five cents per dozen; 54 inch ladies' cloth all wool 20 cents a yard; 50 inch ladies' cheviot cloth, all wool dress goods, 50 cents a yard; 54 inch red table covering, 25 cents a yard, and a hundred other articles reduced at half their prices. Cloaks and carpets are included in this reduction sale.

S. EMRICH, The Nevada Cash Store.

## BREVITIES.

### Local and General Intelligence.

The Truckee river is rapidly rising.

Smallpox has appeared at San Jose, Cal.

Well-owners are the most popular people in town.

THE WEEKLY GAZETTE AND STOCKMAN is out to-day.

Winnemuccians are suffering from frosted ears and toes.

Arrivals at the various Reno hotels are very light at present.

Owing to the scarcity of hard and limber wood, slabs are in demand.

No. 4, west-bound train, is expected to arrive on time to-night.

A postoffice has been established at North's ranch, Humboldt county.

Many of our usually festive old boys are laid up with the rheumatism.

Workmen were engaged to-day hewing the ice from the frozen up ditches.

Five head of cattle were killed by the cars between Elko and Halleck Tuesday morning.

The GAZETTE is under obligations to Conductor Bray of the V. & T., for courtesies extended.

An electric motor and car for an Alameda (Cal.) street railway were on a west-bound freight to-day.

It is reported that the "Overland flyer," running from Ogden to San Francisco, is to be abandoned.

Truckee citizens have subscribed \$250 for a pest house. It will be located about half a mile from town.

Horn & Chapman have about 200 head of fat cattle at Iron Point awaiting shipment to San Francisco.

The apparatus of the Reno fire department is valued at \$12,000. What we need now is men to operate it.

An Indian yesterday disturbed the peace of Chinatown, and is now repenting of his misdeeds in the cooler.

The Elko Independent says it is reported that five Indians were frozen to death near Wells recently.

Reno can again breathe easy. The alleged Carson smallpox case turns out to be a case of black measles.

When the thaw comes look out for a flood of ranchers and farmers bent on replenishing their commissary departments.

Justice Young is still confined to his home. Pleurisy is alleged to be the cause of his enforced absence from the judicial bench.

Constable Upson has a mare and colt in pound, which the owner of is requested to redeem at once, or a public sale will be held.

Ninety are and incandescent lamps are now nightly operated by the electric light company. Next week the number will be increased.

Tuesday night seven men on the Ogden division of the Central Pacific were compelled to lay off work on account of being severely frost-bitten.

The most sensitive plant in the northern citrus belt is said to be the real estate dealer. With us the most luxuriant plant is the plumber.

A. S. Mattison, of the Clover valley Land and Cattle Company, has been driven in from the range by the extreme cold, and will thaw out in Reno.

The San Francisco Call is authority for the statement that there are 2,700 cars sidetracked between Sacramento and Ogden, and 1,400 between Ogden and Omaha.

Good sleighing can now be had from a point two miles north of Reno into Oregon. There is just the right depth of snow, and the roads are in splendid condition.

J. W. Leam, a brakeman on freight train No. 10, was seriously injured at Stone House last Monday. He attended the switches and while running to catch the train fell into a culvert.

The Elko Independent denounces a solicitor named Valler, alias Hall, as a first-class blimp. He solicits for a fashion magazine, and victimized the ladies of Elko out of their pin money.

Carson Tribune: "The frost mad and havoc with the Arlington Hotel closets, bursting pipes in every direction, and not until warmer weather can anything be done." Ditto here.

The Clover Valley land and Cattle Company are feeding 2,000 head of stock cattle in the valley of that name in Humboldt county. There are also 300 head of cattle there awaiting shipment below.

Carson Tribune: "Housekeepers are in a terrible way just now. Almost every man and woman meets is complaining about his or her water, the heavy frosts having played sad havoc with pipes."

Helen Meier, a servant girl, has sued Hugh Casey, a well-known liquor merchant of Sacramento, for \$20,000. The amount is asked on account of the alleged forcible seduction of the plaintiff by the defendant.

Sandford Morrison died of smallpox on the 17th inst, at Dixon's ranch, ten miles from Sierraville. He was unmarried, aged 35 years, and was a brother of Joseph Morrison, the first victim of the epidemic in Sierra City.

San Francisco correspondence Elko Independent: The majestic form of Col. Hardesty is seen occasionally upon the streets, but the great cattle king hovers around Oakland more than the city; there is not any noticeable difference in the whiskey over there, however.

Superintendent J. A. Fillmore explains the unwonted number of accidents on the Central Pacific, on the ground "that the press of business has necessitated the employees, brakemen and engineers working over hours, and being worn out, do not exercise their accustomed vigilance."

Ruel Waggoner, who fell from a ladder in the White House clothing emporium last Monday, is more seriously hurt than was at first thought. He is getting along, though, as well as could be expected, and the attending physician is confident he will come out sound and healthy.

## A BRAVE WOMAN.

She Saved Her Children, but Unfortunately Gets Her Feet Frozen.

The Winnemucca Silver State, of the 17th inst., says: News was received here yesterday that a lady named Mrs. Hughes had arrived at Paradise in the night, having walked seven miles through the snow with the mercury twenty odd degrees below zero. She lived on a ranch of John Reed's, seven miles from town, and while her husband was away the house caught fire. She battled bravely with the flames and vainly endeavored to subdue them. Finding that her efforts to do so were unavailing, she rescued her seven children and some clothing from the burning building, and making the little ones as comfortable as possible under the circumstances, made her way through the snow to Paradise for assistance. The brave woman had her feet badly frozen, though she deserved a much better fate. It is said that one of the children also had its feet frozen by the biting cold.

The Winnemucca Silver State says that stock running at large must be suffering severely, for to the scarcity of food must now be added the scarcity of water. Streams are frozen, and unless holes are cut in the ice cattle must necessarily suffer the pangs of thirst as well as hunger.

The Winnemucca Silver State says that stock running at large must be suffering severely, for to the scarcity of food must now be added the scarcity of water. Streams are frozen, and unless holes are cut in the ice cattle must necessarily suffer the pangs of thirst as well as hunger.

The Winnemucca Silver State says that stock running at large must be suffering severely, for to the scarcity of food must now be added the scarcity of water. Streams are frozen, and unless holes are cut in the ice cattle must necessarily suffer the pangs of thirst as well as hunger.

REAL ESTATE.  
**PREBLE & YOUNG,**  
Real Estate Agents,  
Country and City Properties in  
Nevada and California.  
For Sale.

\$30,000. Mrs. Howard offers her ranch on the Virginia road, the most delightful of all the country roads in Nevada. It is located eight miles from Reno and in a fertile agricultural section. The ranch consists of about 90 acres and a valuable water right. The ranch has long had the reputation of being one of the most productive of its size of all the ranches in the Truckee Meadows. This year it has produced 50 tons of hay, 200 head of stock, vegetables and other products in value about \$3,000. By the expenditure of a few hundred dollars the ranch could be made to be even much more productive than it is at present. The soil is admirably adapted to the raising of alfalfa, stock and vegetables. It has an excellent house, barn and other buildings, a good orchard and other improvements. For sale, \$30,000; 1/2 cash and the remainder in five equal annual installments. Interest at 8 per cent. per annum.

\$13,650. A Santa's ranch located about five miles south-east from Reno is offered for sale. It consists of 45 acres, which will be sold at \$300 per acre, or for \$13,650 and on easy terms of payment. There is on the place a good house of eight rooms, two barns and other buildings. The place has plenty of fruit, including apples, peaches, plums, etc. The ranch is situated in a fine location and the soil is admirably adapted to the raising of alfalfa, stock and vegetables. The ranch is especially desirable as a stock range and for the purpose of growing a handsome profit on the amount invested.

FOR SALE—Lots 10, 11, and 12, in Block, F4, Marsh's Addition, south side of river, very desirable location. House of two rooms (hard finished) and shed; lot cleared; size, each 50 by 150. A bargain.

\$300. Lot 50x175 feet, on the Virginia road, short distance from court house; a very desirable location and the best bargain in Reno for the money. Perfect title; ditch flows through the property.

80 ACRES OF LAND under improvement; good buildings and fence; 70 acres in alfalfa; choice orchard—300 bearing fruit trees; 500 nut trees; good well. Situated 1/2 mile from the O.P. railroad depot, Reno.

FOR SALE—House and lot on east side of Virginia street, one door north of Fourth street; lot 140 by 160; house of five rooms. A very desirable location.

FOR SALE—Lot 12.5 ft. by 140 ft., on east side of Virginia street, opposite residence of B. F. Lee. This is a very desirable piece of property.

40 ACRES OF LAND; 26 acres in alfalfa; 1750 fruit trees, all under fence; situated 1/2 mile from railroad depot, Reno. Roll 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th,
